Variance Request:

***You may attach additional info as needed**

Supporting Information:

The following items must be attached to the application as supporting information:

1. **Site Plan** – The purpose of the site plan is to provide a detailed description of the property and the proposed activity. It should be done at a scale that accurately and legibly shows the following information.
 - a. A vicinity sketch with the property location clearly marked. This sketch should identify major roads and other significant landmarks in the area so that the general location of the property can be quickly recognized.
 - b. The dimensions of all property lines.
 - c. The location, size in square feet, dimensions, and number of stories of existing and proposed buildings, with such buildings clearly marked as either existing or proposed.
 - d. Any screening or landscaping (existing or proposed) that may be relevant to the application, with materials clearly identified (e.g. trees, hedges, shrubs, walls, etc.)
 - e. The location, height, and type of any existing or proposed fencing.
 - f. Location and dimensions of driveways, parking spaces, off-street loading areas, and access points.
 - g. Title block, north arrow, scale, and site statistics
2. **Filing Fee (\$150)** – made payable to the Frankfort-Franklin County Planning Commission
3. **Name and mailing addresses of adjacent property owners** as listed by the Franklin County PVA's Office (502) 875-8780
4. **Justification Statement** – Provide a narrative statement explaining the request and answering the following questions:
 - a. Why will the granting of this variance not negatively affect the public health, safety or welfare, nor alter the character of the general vicinity, and not cause a hazard of nuisance to the public?
 - b. How will granting this variance not allow an unreasonable circumvention of the Zoning Ordinance?
 - c. What are the special circumstances which apply to this property and which do not generally apply to land in the general vicinity or in the same zone?
 - d. How would strict application of the Zoning Ordinance deprive you (the applicant) of a reasonable use of your land, or create an unnecessary hardship upon you?
 - e. How are the circumstances of this requested variance not the result of your own actions since the adoption of the zoning regulation (from which you now seek relief)?
